Social, Economic and Environmental Sustainability

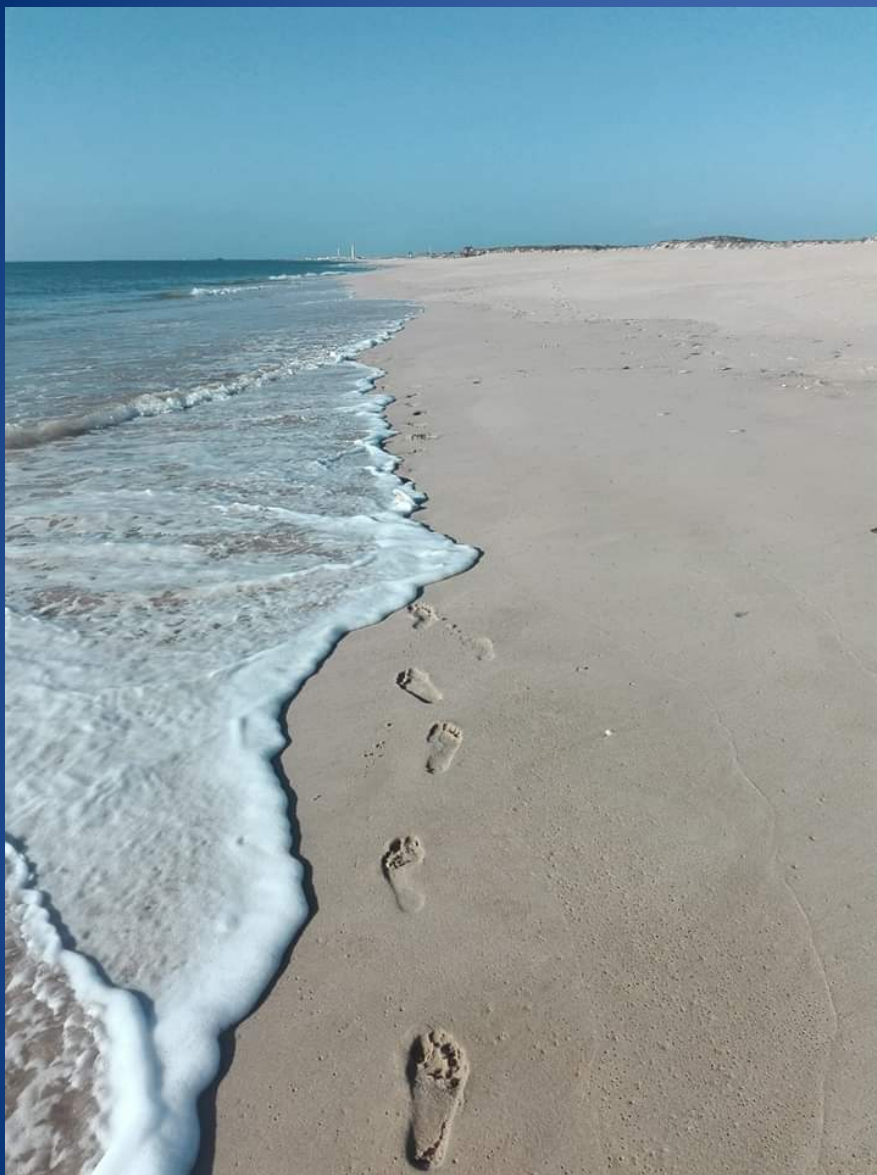

- “Creation of a Collective Conscience, Educated, Aware and Inclusive Community”.
“To work with everyone, for everybody”

To Fight Energy Poverty

Ria Formosa Decarbonization

Better Use of Water

Waste Reduction and Reuse

On my way...
I close my eyes and think of
something good...
I think and think again.

I open the eyes and rethink:
“This is our treasure, take good
care of it”.

What unite us is sacred.

Do not (self) destruct it

THE PLANET IS IN OUR HANDS

Sílvia Padinha
